

School Food Policy

Healthy Food is essential for good health throughout life. It is especially important for young children to appreciate a wide variety of healthy and nutritious foods.

We would like to ask parents to provide their children with the healthiest food possible.

- No popcorn, chips, chewing gum, candies and chocolate bars are allowed in school.
- Nuts or food with nuts are not allowed as some children may have allergy to nuts.
- Parents should inform the school administration two days in advance if they would like
 to celebrate their child's birthday in school. The food or cake should be nut free. The
 details of the food should be provided to the administration. Siblings studying in other
 classes are not allowed to participate in such celebrations.
