

Elite Connections

2023 - 2024 SEMESTER 1 VOLUME 1

CONGRATS

STUDENT COUNCIL

We firmly believe in providing a platform for the development of leadership qualities among students, encouraging them to take on greater responsibilities, make sound choices in life, strive for excellence, and treat everyone with respect.

Elite International School conducted the election of its School Council members, comprising students from Grade 5 to Grade 9. Teachers and administrative staff participated in the selection process through online voting. The outcomes were unveiled during the morning assembly, where the successful candidates were presented with their Student Council badges.

It brings us immense pride to announce the names of the newly elected members.

VISION

EIS empowers the hearts and minds of students by fostering educational excellence and emotional well-being.

MISSION

We promote students' achievement and prepare them to become lifelong learners, equipped with 21st-century skills, optimum knowledge, and Qatari values.

VALUES

Respect - Responsibility - Communication
Excellence in Teaching and Learning

DEPARTMENT WORKSHOPS

TEACHING IS A GREAT WAY TO KEEP LEARNING!

Here are the topics for the department workshops conducted by the coordinators in semester 1:

- English: Classroom Management
- Math: From Teacher-Led to Student-Centered Class
- Science: Characteristics of an Effective Teacher
- Social Studies: Effective Planning
- Early Childhood: Gamification in Education
- ICT: Use of Learning Resources
- French Department: La gestion de classe

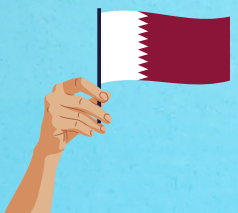

My Values Shape My Identity

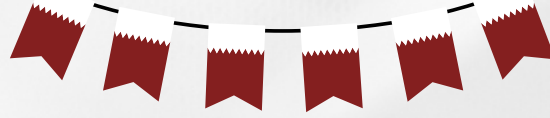

In early childhood, values such as kindness, active citizenship, sharing, and cooperation help shape our students' identity as they learn to interact with others and build the foundation for social skills. On the stage, students engaged in role plays and delivered speeches addressing the weekly value. Various activities were conducted by the students during etiquette and protocol lessons. Through these activities, students expressed their love and gratitude to their country and the Emir of Qatar.

IDENTITY DEFINED: THE POWER OF MY VALUES!

My Values Shape My Identity

EIS holds the view that it is essential for every student to engage in activities that serve as a platform for acquiring the principles of teamwork, responsibility, competitiveness, diversity, as well as fostering a sense of culture and community. Such participation provides students with numerous opportunities to apply their academic skills in practical, real-world scenarios.

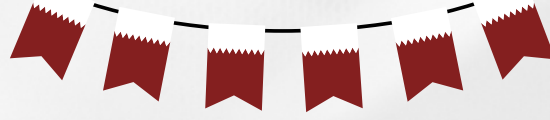

MORNING ASSEMBLY!

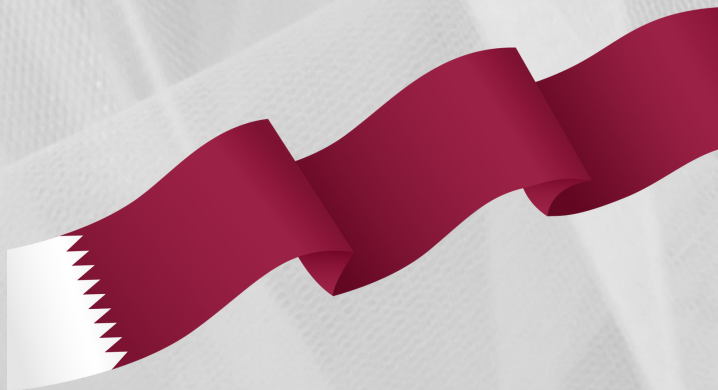

EIS acknowledges the significance of morning assemblies in fostering unity among students and teachers. Establishing a sense of community and belonging enhances teamwork, effort, and excellence among all peers, contributing to the continuation of a tradition of excellence at the school.

ENGLISH DEPARTMENT

EMBARKING ON LITERARY EXPLORATIONS: A SEMESTER OF ENGLISH MARVELS

In the realm of the English Department, semester 1 unfolded as a mesmerizing journey of words, and boundless creativity. Our students immersed themselves in a diverse array of activities that not only honed their language skills but also kindled a profound love for literature.

A focal point of the semester was the integration of UNESCO projects, where our students wove sustainability themes into their literary pursuits. Students embarked on oral presentations echoing with passion, engaged in group work showcasing the power of collective creativity, and participated in hands-on activities that transformed words into impactful actions.

From captivating immersive storytelling sessions to engaging virtual tours that transported us to faraway lands, the English classrooms were alive with literary fervor. Amidst this vibrant atmosphere, students not only explored the world of poetry but also contributed insightful essays on automation and the future of technology.

Outside the confines of textbooks and with wide-eyed wonder, students put on their VR headsets and immersed themselves in virtual environments where English lessons came to life. They explored interactive scenes, from bustling English-speaking cities to enchanting literary landscapes, engaging their senses in an unprecedented way.

The EIS LMC (Library Media Centers) of elementary and middle/high school are indeed dedicated spaces that house a collection of resources specially selected to support students' learning and research needs. Their primary aim is to help them in their academic success by enabling them to find the information needed to complete assignments and projects.

Our school libraries are also crucial for promoting literacy and a love of reading among students. Students are delighted to watch some classic fairy tales and movies, which transport them to a magical world filled with adventure, friendship, and wonder. These stories also allow them to explore themes of courage, perseverance, honesty, and bravery, helping them develop important life skills.

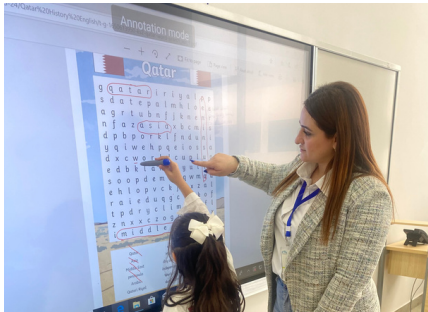

LMC students in middle school and high school are encouraged to utilize their laptops or iPads when engaging with Follett Destiny, our library management system, for the seamless process of borrowing or returning books.

Incorporating technology such as VR in education in general and LMC in particular has the potential to revolutionize the way students learn, work, and interact with the world around them. VR can enhance their engagement and stimulate real-world scenarios in a safe and controlled environment.

SOCIAL STUDIES AND QATAR HISTORY

CHARTING THE PATH TO RESPONSIBLE CITIZENSHIP

Social studies instructs students on becoming considerate, engaged citizens in a democratic society. Through this discipline, students cultivate an awareness of contemporary issues and events. They establish a framework for analyzing these matters, exploring diverse perspectives, and contemplating alternative solutions. Students from grades 1 to 9 were directed to explore the internet, gather information on specific topics, engage in hands-on activities, employ think-pair-share strategies, and participate in group work activities.

In our active classroom, students gather closely, their faces beaming with enthusiasm as they eagerly embark on a magical map-reading adventure. Joy and focus fill the air as they read and use colorful maps, gathering information in a world of their imagination. They set sail on a journey of creativity and exploration.

خّص طلبة الصفوف الإعدادي القضية الفلسطينية بمجموعة من الأنشطة تفاعلا مع ما يتعرض له طلبة غزة وأطفالها من تشريد وحرمان من أبسط حقوقهم اليومية. وقد استذكروا مجموعة من المحطات التاريخية التي تؤكد قدسية المسجد الأقصى كما تم عرض شريط مصور يبين جهود دولة قطر في حل الأزمة التي تمر بها غزة بعد أحداث 7 أكتوبر 2023، هذا إضافة إلى مشاركتهم في تنفيذ مجموعة من الرسومات واللوحات الجدارية عبروا من خلالها عن مساندتهم للقضية الفلسطينية.

ELITE SCIENTISTS

EXPLORING THE WONDERS OF SCIENCE: A JOURNEY OF CURIOSITY AND DISCOVERY.

Fostering students' interest in science involves using experimentation and hands-on activities to ignite their passion and curiosity. These activities help unravel the mysteries of the natural world and achieve scientific objectives. Each experiment is well-structured with a clear purpose, background information, and a list of necessary materials. Data sheets are used to record observations meticulously, promoting precision and objectivity. Critical-thinking questions are integrated throughout the scientific journey to encourage deep exploration, hypothesis formulation, and meaningful conclusions.

In essence, science is an exciting journey, with experiments serving as guiding beacons, cultivating a lifelong passion for scientific discovery and inspiring students to actively engage in the world of scientific exploration.

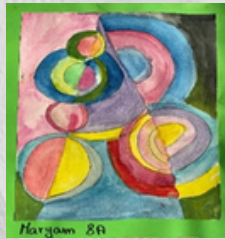

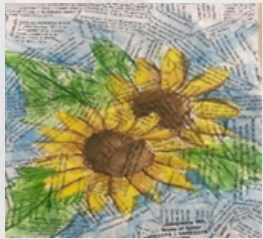

World Cotton Day (October 8): Students celebrated Cotton Day with enthusiasm through hands-on activities aimed at showcasing the versatility of cotton. This interactive experience not only educated them about the importance of cotton but also enhanced their appreciation for this natural and sustainable resource.

Elite Artists

UNLEASHING CREATIVITY THROUGH ART EXPLORATION!

Studying art provides students with diverse challenges while encouraging self-expression and creativity. The art department at Elite International School aims to offer children art experiences that foster the development of their physical, verbal, social, creative, and critical thinking skills. Students participated in an array of exciting activities while learning new art techniques and portraying several themes aligned with Qatari values. We are thrilled to share with you a glimpse of our talented students' masterpieces!

P. E. DEPARTMENT

REVITALIZING MORNINGS WITH ENERGIZING WARM-UPS!

A regular morning warm-up routine is the best way to start the day with happy and positive vibes!

At Elite International School, we believe that physical education is essential for teaching our students how to be as healthy and fit as possible while also enhancing their academic success. Moreover, EIS constantly aims to encourage all students to take part in competitive sports since these activities will teach them valuable life skills about fair play and collaboration. We are enthusiastic to share with you pictures from the football competition that took place at Aspire.

MATH DEPARTMENT

STEP INTO THE MATHEMATICAL REALM

Welcome to the math section where numbers come alive, and the beauty of mathematics unfolds. In this corner of the newsletter, we aim to make math not just a subject but a captivating adventure. Mathematics is a language that unveils the secrets of the universe and invites us to explore the boundless realms of possibility.

Hands-on activities not only reinforce mathematical concepts but also promote collaboration and critical thinking. These activities make learning fun and provide students with a tangible understanding of the concepts.

FRENCH DEPARTMENT

Les activités manuelles sont un moyen efficace d'engager les apprenants dans l'apprentissage de la langue française tout en stimulant leur créativité. Les élèves de notre école « EIS » travaillent d'une manière amusante et créative à travers des activités ludiques, des jeux et des exercices interactifs.

L'alimentation saine est un thème essentiel pour sensibiliser les apprenants à l'importance d'une alimentation équilibrée. Les élèves de la troisième année ont appris un vocabulaire lié à la nourriture, aux habitudes alimentaires et aux bienfaits d'une alimentation équilibrée.

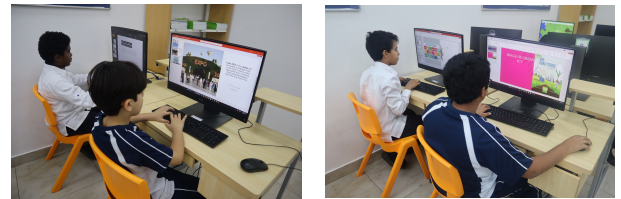

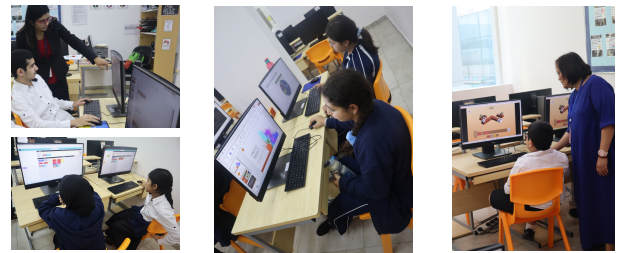

Pour suivre le programme de renforcement de l'identité nationale du Qatar, les élèves ont participé à diverses activités visant à intégrer ces valeurs dans leur processus d'apprentissage.

ICT DEPARTMENT

HEART OF INNOVATION AND CONNECTIVITY

In the dynamic realm of education, Information and Communication Technology (ICT) is not just a subject; it's a gateway to a world of possibilities. At EIS, the ICT curriculum is carefully crafted to empower students with the knowledge and skills needed to thrive in the digital age.

At the heart of our ICT curriculum is the cultivation of digital literacy—the foundational skill that propels students into an era where coding is deemed fundamental. As responsible digital citizens, they navigate the realm of cybersecurity, understanding the ethical dimensions of technology use.

Students have completed the UNESCO project on Education for Sustainable Development (Goal 12: responsible consumption and production), focusing on Green ICT and E-waste, which provides awareness about recycling, carbon emissions, etc.

As part of EIS's celebration of Computer Science Education Week's Hour of Code, students participated in a one-hour coding activity with the 2023 theme of "Creativity with AI."

EARLY CHILDHOOD

“NURTURE THE ROOTS AND WATCH THE FUTURE BLOOM WITH THE BOUNDLESS POTENTIAL OF OUR LITTLEST LEARNERS”

FIRST DAY AT SCHOOL

Schools always hold beautiful memories for everyone. However, when discussing the first week of school, a series of emotions engulfs us. At EIS, students received a warm welcome from all staff members, engaging in various enjoyable activities to make their first week memorable and to ensure they feel secure in their new environment.

WORLD FOOD DAY

World Food Day in early childhood is a delightful celebration where young minds explore the wonders of food. Through interactive activities, kids learn the importance of healthy eating and the significance of sharing. Colorful displays and engaging activities help build a lifelong appreciation for food and promote the values of nutrition.

INTERNATIONAL STUDENTS DAY

The International Student's Day event at EIS concluded with smiles and a sense of shared experiences. Students participated in engaging activities and art projects. The day provided a platform for fostering friendship and understanding among young learners.

QATAR NATIONAL DAY

Qatar National Day was celebrated with students dressing up in traditional attire and engaging in various activities, such as painting the Qatari flag and creating posters. Interactive PowerPoint presentations were utilized to discuss the achievements of Qatar. Students at EIS exhibit a strong sense of pride and belonging for their country, Qatar.

We are excited for Sports Day and other upcoming events!

A variety of activities are on the way - stay tuned!
