

EIS E-Learning Portal Guidelines (2022-2023)

Dear Parents,

Elite International School would like to inform you that its e-learning portal will be used to provide you with quick access to the information you need regarding assignments, reference materials and other forms of communication.

EIS e-learning portal is accessible online, either from the school website <https://www.eliteintschool.com/e-learning> or the school management system direct link <http://3.17.113.80/PortalLogin.aspx>

In an initiative to go green, we have launched the e-planner tool, which will be used for all students from Preschool to Grade 8, noting that Preschool to Grade 3 students will further receive a planner at the beginning of the school year.

Students can access their account from any electronic device — computer, laptop or tablet — using the usernames and passwords which will be provided by the school to the parents via SMS.

The portal is user-friendly; all the learning content and information are structured in an organised way, making them easily accessible to all students. Class discussions, calendar, e-resources, schoolwork, evaluations and notes from teachers are accessible in just one click. All students have access to learning materials at any time and from any place where they have internet access.

Parents and students have also access to detailed reports outlining the progress of the students and the completion of their schoolwork, allowing them to easily monitor and evaluate their academic growth.

Students can also communicate with their teachers and classmates via the chat feature that the portal provides, creating a more collaborative and interactive learning environment.

Teachers will use the e-learning portal to create multimedia learning content and recorded lessons, using videos, images, audios and texts which serve as great tools in teaching new skills and imparting knowledge.

All students will be trained by their respective teachers on how to effectively use the portal on the first day they attend school.

The e-learning portal will be used strictly for educational purposes using the following guidelines:

- All school rules and consequences related to the code of conduct apply.
- Students will be required to use appropriate grammar instead of texting language.

- The portal will be used to discuss school-related content only.
- Put-downs or sarcasm toward others' ideas are not allowed.

It is important that students take part in live discussions, check e-resources, complete their assignments, and take any assigned e-quiz diligently, taking the learning process seriously to ensure a smooth transition once regular classes are resumed.

In addition to EIS e-learning platform mentioned above, our students will keep using the online learning portals of www.readinga-z.com and www.nahlawanahil.com to enhance their reading skills. Usernames and passwords will be provided later to all students by the school.

Once you click on the ‘take a quiz’ button, a message will pop up notifying you that the countdown will start. Click ‘OK’ once you are ready to start. Keep in mind that you need to finish all the questions before the time elapses.

Step 3: Click on ‘Finish’ once you are done.
